Home Away From Home

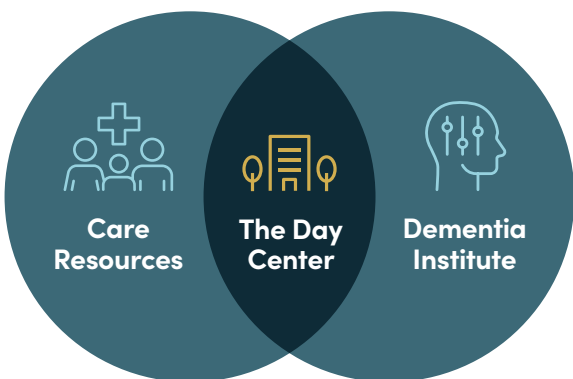

Dementia is becoming more common and more families are in need of support to care for their aging loved ones. Care Resources and the Dementia Institute have teamed up to offer a space for those living with dementia and any senior who would benefit from engaging activities, meaningful social interactions, and dedicated care.

The Day Center at Care Resources offers comfort and safety to participants while providing respite to families and caregivers. The Day Center includes three different rooms to cater to varying activity levels and social needs.

Quality Care at the Center

Care Resources and the Dementia Institute have come together to ensure the highest level of training for our Day Center care team, which in turn ensures the highest level of care for our participants. As of fall 2023, our team includes staff with a range of certifications to:

- Provide direct dementia care to participants
- Support other staff while in the Center and in the moment
- Conduct our own in-house dementia training for the entire Day Center care team

The Day Center is designed to offer the highest quality dementia care and support for participants, families, and caregivers.

Day Center Benefits

Music, Crafts,
& Special
Events

Outdoor
Space &
Relaxation
Rooms

Computers
with WiFi

Medication
Assistance

Gym &
Exercise
Classes

Your Care Partners

Care Resources is a community-based program that cares for adults 55 years or older. Since 2006, we've been helping seniors live independently and avoid nursing home placement.

The **Dementia Institute** helps to improve the lives of those living with dementia and the community surrounding them. We offer education, training, and support for individuals with dementia, as well as their families, friends, and caregivers. Based on the Positive Approach to Care (PAC)[®] model, our resources provide access to world-class dementia care and the latest caregiver research.

Program Options

We offer two program options to meet the needs of participants and their families and caregivers:

- **Half days:** 4 hours between 7:30 AM and 5:00 PM
- **Full days:** 8 hours between 7:30 AM and 5:00 PM

To discuss program eligibility, rates, and scheduling, please contact Care Resources.

Learn More and Schedule a Visit!

Contact the Care Resources enrollment team with any questions and to schedule a personal tour with you and your family.
