

Promoting healthy
independence

Supporting you at home

Care Resources is a community-based program for people 55 years or older that promotes healthy, independent living and helps prevent nursing home placement.

We are part of something bigger

Care Resources is a Program of All-inclusive Care for the Elderly (PACE®). The PACE model is a national, all-inclusive healthcare program that uses Medicare and Medicaid funds to cover all of your medically-necessary care and services.

YOU are the center of all we do

A team approach to care

Our Care Resources team of healthcare professionals works with you and your family to develop a comprehensive care plan—helping you make medical decisions every step of the way. Care is delivered at our full-service Primary Care Clinic, our adult Day Center, and through a network of community providers.

Our Care Resources team includes physicians, nurses, social workers, dietitians, therapists (physical, occupational, and recreational), home care coordinators, and other staff.

Welcome to the Day Center

The Day Center promotes socialization, community, and offers caregivers respite. You will be provided a healthy meal and take part in a wide-variety of activities, which may include:

- Art & crafts
- BINGO
- Board, trivia, & Wii games
- Card games
- Computers with free WiFi
- Educational classes
- Exercise groups
- Group events
- Movies
- Musical performances
- Nutritional counseling
- Religious programs
- Support groups

We provide transportation to and from Care Resources and approved medical appointments for everyone enrolled in our program.

Day Center & Clinic

- On-site physician
- Pharmacy/medications
- Medical transportation
- Nursing care
- Physical therapy
- Occupational therapy
- Speech therapy
- Activities & exercise
- Nutritional counseling
